8c-vii

Internal motion

Resolution

Amendment

Title ___ Actions against TTIP

Point of the agenda 8c _____

Proposed by: _UdU _____

Secoded by: FEF, VSS-UNES-USU and ÖH

Text:

1 The Transatlantic Trade and Investment Partnership (TTIP) as it is being
2 discussed now is a real and actual serious threat to Education, its freedom
3 and its accessibility. The discussions are still lacking in transparency and we
4 fear they will end up completely commodifying Education and public
5 services.

6 Once again, ESU advocates for more transparency in the discussion and to
7 keep Education out of the Agreement: if Education will be affected, ESU will
8 be strongly against and will take concrete actions, at every possible level, in
9 response to this.
