The strategic framework includes the general action lines ESU has to work on intensively for the upcoming three years. A yearly plan of work lines out the short-term goals and priorities in order to advance the action lines outlined in the strategic framework. The plan of work will include a clear prioritisation of the different tasks by points.
- b. Both the strategic framework and the plan of work will be presented by the Executive Committee (hereafter referred to as EC) and adopted by absolute majority at the Board

STANDING ORDERS as of BM83 (November 2022)

Meeting (hereafter referred to as BM). The plan of work must be proposed until the last Board Meeting preceding the period when it would become effective. The adopted strategic framework as well as the adopted plan of work must be sent to members within 14 days of the end of the BM. In addition, every three years a Financial Strategy has to be presented to the Board.

- c. To promote the views of students the BM adopts the policies of ESU. Policy papers should be revisited every 8 BMs by the EC. If they see a reason to update or cancel the policy, they should bring it up to the board. Otherwise the policies should not be changed.
- d. All ESU elected representatives and institutions should follow the prioritisation given by the strategic framework and the plan of work and in representing or advocating for ESU, follow the policy of ESU.

1. The developments of the candidate in regards to the fulfilment of the criteria for membership;
2. Recommendations for further action in helping the candidate to fulfil the membership criteria.

b. No decision to grant full membership can be taken without a study visit. After this point the only decision that can be made without a study visit taking place is to either deny the application, or to extend the candidate status for a given number of BMs. Whenever a study visit team is established, it will submit a written report to the BM, stating whether the union is eligible for membership and/or which actions should be taken in the future.

c. A study visit team is consisting of the membership coordinator, at least two but at most three representatives from different member NUSs and if needed a member of the Executive Committee. If the membership coordinator becomes unavailable or the position is open, the EC can appoint an EC member or coordinator to take the coordinator's place instead.

d. The EC is responsible for deciding on the composition of the rest of the team on the proposal of the coordinator for membership issues. Unless the Board delegates the responsibility to the EC, the Board decides on the representatives of NUSs.

- f. Once published to the Board, the coordinator for membership issues as well as the EC can comment on the study visit report and the EC may direct any other ESU structures or elected representatives to also do so.
- g. During the period of candidacy, the NUS should provide information on its work and take part in regular ESU activities.
- h. In general, the full costs for a study visit need to be covered by the reviewed or visited NUS. This includes travel for the ESU representative(s) as well as local travel, accommodation and food costs for the study visit team for the entire period of the review. If the reviewed or visited union cannot afford to pay all the costs of the study visit the members of the study visit team have to cover the remaining costs. The division of expenses has to be decided before the study visit takes place.

4.4 Advisory Partner to a NUS

- a. If an applying NUS does not receive membership status the BM can decide to elect a member NUS which will then function as advisory partner to the rejected NUS in order to support the development of the latter. The rejected NUS has to agree to the proposed advisory partner. The advisory partner NUS together with the coordinator for membership issues will report at every BM about its work and the reforms of the applying NUS, until the status of the respective NUS changes.
- b. If an applying NUS does receive membership status the BM can decide to elect a member NUS which will then function as partner to the NUS to help the NUS to integrate in ESU and to ensure a strong and stable communication between the new member and ESU represented by the coordinator for membership issues. The new member needs to agree to the elected partner.

4.5 Membership Applications from NUSs that have been part of ESU

Applications shall be valid until the BM has taken the vote on granting the status of an associate organisation to the applicant. The organisation is granted the status of an associate organisation for an unlimited period of time. The EC together with the coordinator for membership issues shall monitor the activities of the organisation on a regular basis. If the organisation ceases to fulfil the criteria laid down in the preceding paragraph, the EC in consultation with the coordinator for membership issues will propose to the BM to revoke the status of the associate organisation. This team then conducts the visit and reports back to the NUS as well as to the EC. The costs for this need to be covered by the NUS that asks for the visit.

4.10 Exploratory Visits

These visits share the goal of trying to widen the view ESU has of the students' movement in Europe and higher education environments in general, thus increasing ESU's ability to forward the students movement as a whole. The Exploratory Visit Team is selected by the Board and conducted by a selected coordinator. ESU's Board decides on the selection procedures of the team for each Exploratory Visit. This team then conducts the visit and reports back to the EC and to the Board.

- b. If a member or an associate organisation sends more than one person to a meeting, it shall take positive measures to see that the delegation is gender balanced.

7.6 Mandates

Transfer of mandate may also be applied during sessions of a Board Meeting, when a member NUS provides the Chair of the BM with a written statement of consent. A member can carry the mandate of maximum one other member.

7.7 Chairing of the Board Meeting

- a. At the beginning of the BM, the President of ESU; or if necessary, a member of the EC, shall declare the meeting open and do the roll call. Immediately following this the BM shall elect a Chairing team of three to four people for the meeting based on a proposal by the EC. The members of the Chairing team are elected individually by a simple majority.
- b. The Chairing Team of the BM shall hereafter chair and be responsible for minutes being taken for the rest of the BM. In the event of a three-person chairing team the EC may appoint a minute taker. Immediately following the election of the Chairing Team, the BM will approve the BM agenda. To attain a possible maximum of neutrality the Chairing Team shall not take part in any vote and should avoid taking part in the discussion. The BM may replace the Chairing Team of the meeting by a motion of distrust supported by 2/3 majority. The BM would then proceed to elect a different Chairing Team, who cannot be the members of the Executive Committee, before proceeding with any further point of the meeting.

- g. The Chairing Team may at any moment during the BM use a time-out to clear a situation or for any reason they want. The Chairing Team communicates the length of the time-out.

7.8 Speakers

- a. Every speaker has the right to have three minutes to present his or her views without interruption. The speaking time can be altered by a procedural motion. This time limit should not apply to presenters of any report except the individual reports.
- b. During the discussion the Chairing Team shall give the floor first to speakers wishing to make points of order (about the procedure), then to speakers requesting a right of response, then to speakers requesting information or who wish to make a point of information and only then to other speakers.

7.9 Closing the list of speakers

- a. During a discussion, the Chairing Team may announce the list of speakers and with the consent of the meeting declare the list closed, provided that the proposer of the motion has the right to speak immediately before the vote.
- b. The Chairing Team however may still accord the right to reply to any delegate if a

STANDING ORDERS as of BM83 (November 2022)

speech delivered, after the list was closed, in case of a direct question or an answer to a precedent statement.

7.10 Motions and amendments

- a. Motions and amendments may be put forward in writing at any time during the BM until the deadline as directed by the Chairing Team. The proposer may change the motion or amendment any time before the proposal is voted. During the BM, where motions do not relate to the items on the agenda, the BM should vote on whether or not to accept those motions onto the agenda. These are accepted to the agenda with a 2/3 majority.
- b. If a new policy supersedes any existing policy, then the most recent policy shall automatically replace the outmoded document. Policy statements do not overrule policy papers.
- c. The Chairing Team may rule that motions and amendments dealing with the same issue are to be considered together, in consultation with the proposing NUS.

7.11 Procedural motions

During the discussion, the following procedural motions shall have precedence in the following order over all other proposals or motions before the meeting:

1. motion to reverse the decision of the Chairing team concerning the conduct of the meeting.
2. motion to make the meeting a closed one.
3. motion for the suspension or adjournment of the meeting (e.g. continuing discussion in an informal session before resuming back to the meeting on the same agenda item)
4. motion to adjourn the item under discussion (e.g., moving on to another agenda item before coming back to the adjourned item).
5. motion for the closure of debate and an immediate vote.
6. motion to refer the matter to the EC, WG or to the next meeting.
7. motion for a limitation of the individual and collective speaking time for the point under

STANDING ORDERS as of BM83 (November 2022)

discussion.

Should any procedural motion be defeated the same motion cannot be accepted again unless the Chairing team is of the opinion that circumstances have radically changed in the meantime.

7.12 Procedure to motion

- a. All motions put forward by members shall have a proposer and at least one seconder.
- b. Candidate and associate organisations may put forward any motion, but these must have a seconder or be seconded by the EC.
- c. The EC may put forward motions on any point without a seconder.
- d. All institutions, with the exception of the Secretariat, may put forward motions within their area of work without a seconder. The Chairing Team decides if a given motion falls within the area of work. Any motions that are deemed to be out of the area of work would require a seconder, or have to be seconded by the EC. The Chairing Team decision may be overturned in accordance with these standing orders.
- e. After moving a motion, the proposer or one of the seconders, if the proposer chooses not to speak, shall have the right to speak, for a maximum of three minutes, in order to motivate the motion. The motion shall then be opened to discussion and amendments; the proposer may exercise a right of reply immediately before the vote is taken.
- f. After proposing a motion to close debate and to go straight to a vote, at least the EC and one opposing union need to have had an opportunity to speak. If there are several unions wishing to speak, the chairing team will give the floor to the union that first asked for the floor. If it is unclear which union was first, this is decided by lot. If no opposing union nor the EC asks for the floor, the opportunity is deemed to have been given.

7.13 Amendments

- a. When a change is proposed to an amendment or a motion, which isn't Three-year strategic framework, Plan of Work, Budget or a Policy document, only the proposer of the amendment has the right to include it or change the amendment or motion. If the proposer refuses a change, the amendment will be put to vote as it stands. Proposers have the right to withdraw motions at any time before the vote of adoption.
- b. All amendments to Board Meeting documents must be submitted by the deadline established by the Chairing team and handed to them in a written form. After the deadline, proposals to change amendments may still be made orally during discussion. However, oral proposals will not be voted on.
- c. When an amendment is proposed to a motion, the amendment shall be voted on first.
- d. When two or more amendments are proposed, the meeting shall first vote on the amendment furthest removed in substance from the original motion and then on the amendment next furthest removed there from, until all the amendments have been put to the vote.
- e. An amendment shall be proposed and discussed in accordance with the procedure for motions. A proposal to change a motion shall be considered as an amendment to a motion only if it adds to, deletes or revises part of that motion. f. A proposal to abolish or replace an already existing policy document shall be considered a motion.
- f. A proposal to abolish, replace or add an annex to an already existing policy document, shall be considered a motion.

7.14 Ne bis in idem

- a. A motion accepted or rejected at a BM shall not be discussed or voted upon again during the same BM. This rule will not apply to any motion or policy that is discussed, in part or in whole, but not voted upon in whole.
- b. If only a part of any motion is accepted or rejected by the BM, the Ne bis in idem rule will not apply to that part voted upon.

7.15 Not enough votes cast

If a decision is not taken due to the fact that not enough votes were cast, then the decision is postponed to the next Board Meeting. If once again, at the following BM, not enough votes are cast, then the decision is considered as rejected and the principle of *ne bis in idem* is applied.

7.16 Voting procedures

- a. Each country will receive the same number of voting cards or, in the case of a secret ballot, ballot papers. The amount of votes will be divided equally among the NUSs from the same country.
- b. Any member may request a secret ballot or recorded vote for any issue. The Chairing Team has to agree to the request. When there is a conflicting request for a secret vote or recorded vote on the same issue then the BM will decide which procedure to adopt by simple majority of votes cast and this vote in no case can be recorded or secret.
- c. Elections of representatives to ESU institutions must be decided by secret ballot. The election of the Chairing Team is excluded from this clause.

ANNEX to the Standing Orders

Annex I: Procedures for elections with gender balance

1. Definitions:

A "ballot" is paper or card, or set of papers or cards, on which a voter has marked a candidate, or ranked one or more candidates.

A "continuing candidate" is a candidate who is not yet elected or eliminated.

A "non-eliminated candidate" is a candidate who is a continuing candidate or an elected candidate.

To "transfer" a ballot is to assign it to its highest-ranked continuing candidate. A "transferable ballot" is a ballot that lists or designates at least one continuing candidate. As a noun, a "transfer" is an instance of transferring one or more ballots.

An "allocation" is any transfer of every ballot whose transfer is ordered in the same paragraph of this count specification.

"N" represents the number of seats in the election.

"The quota" is the number of valid votes cast in the election, divided by N+1 and added plus one in the end. $Quota = (\text{valid votes cast} / (N+1)) + 1$

"A quota" is a vote total numerically equal to the quota.

2. Each ballot, at the beginning of the count, shall have the value of one (1) vote. Each candidate, at the beginning of the count, shall have a vote total of zero (0).
3. When a ballot is transferred to a candidate, this candidate's vote total is increased by the value of the ballot. When a ballot is transferred from a candidate, his vote total is decreased by the value of the ballot.
4. Immediately after each allocation, either paragraph 4a, or paragraph 4b shall be carried

STANDING ORDERS as of BM83 (November 2022)

out, depending on whether or not that allocation has resulted in a candidate acquiring a quota.

- a. If any candidate has acquired a quota as a result of the allocation that has just been completed, then that candidate is elected as of that time. If this candidate's vote total exceeds a quota then the candidate has a "surplus", and this surplus is the amount by which his vote total exceeds the quota. The rest of this paragraph shall be carried out for every candidate who has a surplus as a result of the allocation that has just been completed. For each such candidate, this surplus shall be divided by the candidate's vote total, and the value of each of the candidate's transferable ballots shall be multiplied by the result of that division. Each of the candidate's transferable ballots shall then be transferred.
- b. If no candidate has acquired a quota as a result of the allocation that has just been completed, then the candidate with the lowest total vote shall be eliminated and this candidate's transferable ballots transferred until the number of candidates of that gender remaining equals the number of positions to be filled by that gender. Once half of the positions available have been filled by one gender, all remaining candidates of that gender will be eliminated one by one and their transferable ballots transferred.
- c. If at any round, the number of candidates of the same gender exceeding the quota, is greater than the number of positions left unfilled for that gender, the candidate/s with the greatest number of ballots will be deemed elected and the candidate/s with a lesser number will be eliminated.
- d. If at any time when a candidate should be elected or eliminated and two or more affected candidates have the same number of votes, the matter will be decided by the tossing of a coin or rolling of a dice.
- e. Candidates will stand against Re-Open Nominations (RON) in the election. In the event of RON being elected, candidates who have reached the quota in previous rounds or in the same round as RON will be elected. Nominations will open immediately for a period of five working hours and a further election will be held

for the remaining unfilled position.

5. The count shall end either when N candidates have been elected, or when only N candidates remain un-eliminated (in which case those N candidates are declared elected), whichever happens first. However, no candidate who is not listed on any ballot will be declared elected.
6. Start the count by transferring all the ballots in the ballot box according to the above rules.

Annex 2: Procedures for elections without gender balance

1. Definitions:

A "ballot" is paper or card, or set of papers or cards, on which a voter has marked a candidate, or ranked one or more candidates.

A "continuing candidate" is a candidate who is not yet elected or eliminated.

A "non-eliminated candidate" is a candidate who is a continuing candidate or an elected candidate.

To "transfer" a ballot is to assign it to its highest-ranked continuing candidate. A "transferable ballot" is a ballot that lists or designates at least one continuing candidate. As a noun, a "transfer" is an instance of transferring one or more ballots.

An "allocation" is any transfer of every ballot whose transfer is ordered in the same paragraph of this count specification.

"N" represents the number of seats in the election.

"The quota" is the number of valid votes cast in the election, divided by N+1 and added plus one in the end. $Quota = (\text{valid votes cast} / (N+1)) + 1$

"A quota" is a vote total numerically equal to the quota.

STANDING ORDERS as of BM83 (November 2022)

2. Each ballot, at the beginning of the count, shall have the value of one (1) vote. Each candidate, at the beginning of the count, shall have a vote total of zero (0).
3. When a ballot is transferred to a candidate, this candidate's vote total is increased by the value of the ballot. When a ballot is transferred from a candidate, his vote total is decreased by the value of the ballot.
4. Immediately after each allocation, either paragraph 4a, or paragraph 4b shall be carried out, depending on whether or not that allocation has resulted in a candidate acquiring a quota.
 - a. If any candidate has acquired a quota as a result of the allocation that has just been completed, then that candidate is elected as of that time. If this candidate's vote total exceeds a quota then the candidate has a "surplus", and this surplus is the amount by which his vote total exceeds the quota. The rest of this paragraph shall be carried out for every candidate who has a surplus as a result of the allocation that has just been completed. For each such candidate, this surplus shall be divided by the candidate's vote total, and the value of each of the candidate's transferable ballots shall be multiplied by the result of that division. Each of the candidate's transferable ballots shall then be transferred.
 - b. If no candidate has acquired a quota as a result of the allocation that has just been completed, then the continuing candidate with the lowest total vote shall be eliminated, and this candidate's transferable ballots transferred.
 - c. If at any time when a candidate should be elected or eliminated and two or more affected candidates have the same number of votes, the matter will be decided by the tossing of a coin or rolling of a dice.
 - d. Candidates will stand against Re-Open Nominations (RON) in the election. In the event of RON being elected, candidates who have reached the quota in previous rounds or in the same round as RON will be elected. Nominations will open immediately for a period of five working hours and a further election will be held for the remaining unfilled position.
5. The count shall end either when N candidates have been elected, or when only N

candidates remain un-eliminated (in which case those N candidates are declared elected), whichever happens first. However, no candidate who is not listed on any ballot will be declared elected.

6. Start the count by transferring all the ballots in the ballot box according to the above rules.
